

Program working fine

Run the same process in scheduler

Stage Name	Stage Type	Result	Resource Start
Start	Defined	Created session log	07-10-2020 11:32:29
Write Text File	Action		07-10-2020 11:32:29
Success	Decision	False	07-10-2020 11:32:30
Error	Exception	ERROR! System Exception - File Error: En del af stien 'c:\d\Test_07102020.txt' blev ikke fundet.	07-10-2020 11:32:30

Somehow the filename is changed to Test_07\10\2020.txt from Test_07102020.txt

Is it blueprism or server/setup who change the date to a fileformat that is wrong.?
